

RecycleTOP®

The Original Recycled Paper Counter Top™

As Seen On

I HATE MY KITCHEN!

KLIPTECH®

Sustainable...Without Sacrifice™

RecycleTOP Surfaces

Color: *Coffee Bean*

As Seen On

KlipTech®, the originator of the recycled paper counter top, now brings out a new sustainable composite surface product called RecycleTop®. Adding a combination of practical style, durability, and user friendliness, RecycleTop® is a reliable surface for commercial and residential applications but is even more heralded for its cost effectiveness. This is yet another LEED MVP product offered by KlipTech®.

Coffee Bean

Black Sheep

Why RecycleTOP®

Environmentally Responsible

Composed of fiber that is 50% post consumer recycled paper.

Materials are bound together with a new revolutionary 50% plant-based resin formula, made with corn and cashew nut oil, which is VOC, formaldehyde, and benzene free.

With a 65% overall fiber content and 35% resin content, RecycleTop® is comprised of over **80% recycled and renewable content.**

Durable

RecycleTop® can withstand up to 360 degrees temperature.

RecycleTop® is a highly scratch resistant product with water absorption of less than one percent. This, in combination with its repairable surface, means this product cannot be permanently stained from wines, bleach, greases, or acids.

User Friendly

Easily fabricated and installed.

Smooth texture and sleek lines offer a refined and timeless appearance.

Milled with wood working tools, triple chip carbide blades and router bits.

"Our number one commitment is to the health of mother earth and the satisfaction of our customer. For more than a decade we've been researching, developing, and delivering the most durable, cost effective, and quality products utilizing reclaimed and recycled content...Even before the word GREEN was anything more than a color."

*-Joel Klippert, President
Klip BioTechnologies, Inc.*

Property	Typical Result	Test
Water Absorption	0.75%	ASTM D 570
Compressive Strength	52,526 psi	ASTM D 695
Tensile Strength	28,675 psi	ASTM D 638
Flexural Strength	41,650 psi	ASTM D 790
Hardness	>85	ASTM D 785 (Rockwell)
	55	ASTM D 2583 (Barber Coleman)
Thermal Expansion	.35x10 ⁻⁵	ASTM D 696
Izod Impact	3.92	ASTM D 256
Ball Impact	No Effect ½ lb. ball	NEMA LD 3-2000
Bacteria & Fungus	Does not support growth	ASTM G 21 & 22
Flammability Flame Spread	Class 1 & Class A 10	ASTM E 84

About KlipTech®

KlipTech®, owned by sustainable products innovator Joel Klippert, specializes in the design and production of award-winning, environmentally-friendly counter tops, decking, flooring, extreme sports surfacing, and siding surfaces. With his wife LeeAnn, Joel started experimenting with materials and resins in his garage more than a decade ago, eventually creating the first recycle paper composite product. Today Joel and LeeAnn continue to create products that rival natural stone and solid surfaces in beauty and durability. By inventing and perfecting sustainable manufacturing practices, KlipTech® is accomplishing its goal to help maintain the earth's natural resources for generations to come.

RecycleTop® Availability

RecycleTop® is now available in three rich colors and available within local retail networks across the United States. See the KlipTech® website for more information.

- Sheet sizes offered: 48" x 96" and 30" x 96" in ¾", 1", and 1¼" thick
- Colors offered: Black Sheep, Coffee Bean Brown, and Chestnut Brown
- Custom color layups available in volume orders
